

CAIRRY

AIR CLEANER

The Cairry is the perfect solution for dusty work in the entire building or house and therefore is the perfect partner for every contractor. The Cairry must be placed in the room where the source of dust is located. The air cleaner passes the dust-laden air through the filters. Harmful particles remain trapped in the filters and dust-free air is blown out. Because the Cairry can also be fitted with an activated carbon filter module, the air cleaner is also very suitable for use by painters, carpet fitters, etc.

FILTER PRINCIPLE

The Cairry is fitted with three filters as standard: a pre-filter and two filter modules. These three consecutive filters perform the filtration. The pre filter can easily be cleaned with a vacuum cleaner.

Pre filter (G4)

Filter module 1 (F7)

Filter module 2 (HEPA13)

Filter module 3 (ACF)

The Cairry is supplied with dust filters as standard. If you also need to use this air cleaner for filtering odours and gases, choose the activated carbon filter module.

CAIRRY AIR CLEANER DIMENSIONS

Dimensions L x B x H	480 x 480 x 490 mm
Net weight	11,5 kg

QUALITY MARKS

SPECIFICATIONS

Features	
Material housing	EPP
Colour	grey
Mains cord	2,4 m external - type H05RN-F
Plug	• C-type plug: e.g. continental Europe
Mounting	free-standing
Control	On / Off switch (1-button control)
Performance	
Capacity	700 m ³ /hour
Geluidsniveau	57 dB(A)
Ambient temperature	from 10°C to 40°
Relative humidity	From 10% to 90% (non-condensing)
Electrical specifications	
Connection voltage	230V AC 50Hz
Power consumption, air cleaner	170 Watt motor
Filters and maintenance	
Pre filter (G4)	10 pre filters: clean / replace
Filter module 1 (F7)	F7 filter module: replace
Filter module 2 (HEPA13)	HEPA filter module: replace
Filter module 3 (ACF)	Active carbon filter module: replace
Transport specifications	
Gross weight	11,5 kg
Dimensions packaging (B x D x H)	510 x 510 x 510 mm
Harmonized Tariff Code	84213920
Country of origin	Netherlands

Type	Cairry
Product group	Air cleaners
Version	20042015/0
